NEWSLETTER DECEMBER 2024

Welcome to the December edition of the FEPIS newsletter. We have been busy behind the scenes and have much to tell you about!

New Co Chairs/ FEPIS Team

With Claire and Becky stepping down back in July this year we are happy to announce that we have new co-chairs, Charlotte & Angela. They both have children in the school currently with their younger children joining in the coming years. Both ladies have been busy arranging meetings and speaking with parents and building up a core team of members to help with the running of future events including the termly discos. Please join us in welcoming them – WELCOME Charlotte & Angela 😊

Autumn disco update

With the change of increasing the ticket cost to £4 per child with no donation days we are pleased to say this helped raise over £1,100 at the disco this time! This is another great amount raised, and we want to thank everyone who helped or volunteered your time. These discos really wouldn't be able to take place without your support.

FEPIS Firework Extravaganza

This year, the Infant & Junior School organised something slightly different for our big event and if you don't mind us saying – it was BANGtastic.

A lot of work went on behind the scenes such as researching and booking the firework company, arranging internal and external stalls and speaking with local businesses for arranging lighting/ raffle prizes and sponsorships. A lot of planning goes into such events and at times can be stressful but to have heard such lovely feedback just makes it all worth it. Thank you again to everyone who was involved and helped us ensure the smooth running of the night. We look forward to planning the same again next year.

We are pleased to announce that in total this event raised **£4,987.26** which will be split between both schools.

Astra Recycling Ltd

We recently had the big green collection bin emptied and your donations have helped raise £20.50 this term. Please ensure to keep bringing any unwanted clothing and place in the big green recycling bin please.
